

06th July 2020

18th Ziqad 1441

Dear Mothers, Assalamualikum.

Hope and pray that you and your family are all keeping well.

Schools are much more than just buildings and an academic curriculum. They are safe, warm and healthy environments where our children are loved and nurtured. Where they learn through play, encouragement and guidance, make life long memories and form meaningful relationships.

However, unprecedented times call for unprecedented measures.

Our online classes and sessions are in full swing and the teachers are working hard to rise to this challenge and are putting a great deal of effort. We would like to take this opportunity to thank you for your trust and encouragement, it is invaluable for us. We pray for and look forward to the day that we can welcome our little ones with open arms. But till then we will give our best to create a healthy academic environment via remote learning. Our Nursery online session will begin from 15 July 2020 In sha Allah. In these online lessons we will have recorded sessions of circle time, hands on activities, exercises of practical life, poems, stories and different interesting games.

Our Nursery students will have their remote learning classes by our qualified and experienced teachers implementing a well-thought-out program of educating children in many key skills. At this stage of development special focus will be given to language development. We will also ensure balanced emotional, social, intellectual and physical, development. We will try our best to keep our young learners very engaged by building up their interest.

Here is a list of some of the common material which will be easily available at home to make few of our activities more interesting and exciting for our students.

Small tong, playdough, large buttons, sponge, poster paints and brush, dustpan pan with brush, jumbo crayons, colorful blocks, pegs, small baskets , small plastic bowls and spoons. Kindly keep these materials handy ,as we will be making them do simple practical life exercises and art activities at home with your cooperation and involvement.

Take care of yourselves and each other. Stay healthy, stay blessed and see you soon in health and happiness. In sha Allah,

Jazakumullah Khairan Kaseeran

The Intellect School Nursery Team
