ORIENTATION SESSION

Dear Parents,

As you all are aware, fourth wave of the Covid-19 pandemic has hit hard, affecting many people across the world including children. The pandemic being on its peak right now, taking care of our students and ensuring their well-being is our first and foremost priority. That being said, we at The Intellect also do not want to hinder their learning experience. It is hence decided by the school management that we would be beginning the new academic year 2021-22 with Distance Learning Programme.

To ensure a smooth beginning of the new session, there would be an Orientation Session for all the mothers. Kindly note the following;

1. It is mandatory and vital for all the mothers to attend this session, so that any queries you might have regarding the Distance Learning Programme might be addressed efficiently.
2. Attendance for this session would be posted on the Google Classroom of your child. You are required to mark the attendance to confirm your presence in the session.
3. Health and safety is our priority but we at The Intellect School do not want education to take a step back during this trying time.

The schedule of the Orientation Session is as follows;
